Acknowledgments	13
Author's Note	15
On the Scope and Mode of Exposition	15
Some Limitations	18
Preface	21
Popular Views of Philosophers and Philosophy, Past and Present . . .	21

PART I: INTRODUCTION

1. Workers and Scientific Philosophy	29
Why Workers Should Learn Scientific Philosophy	29
Workers Can Learn Scientific Philosophy	32
A History of Philosophy in the United States: An Overview of Bourgeois Predominance	34
For a Marxist-Leninist History of Philosophy in the United States . .	37
2. The Main Stages of Philosophical Development	40
Prescientific Philosophy	40
Scientific Philosophy	42
<i>The Birth of Scientific Philosophy</i>	42
<i>Scientific Philosophy and Scientific Criteria</i>	44
<i>Scientific Philosophy and Scientific Method</i>	44
Antiscientific Philosophy	45
<i>Existentialism's Social Diagnosis</i>	46
<i>Existentialism's Social Program</i>	48
<i>Philosophic Aspects of Existentialism</i>	49
<i>Analytical Philosophy</i>	51
Partisanship in Philosophy	53

PART II: MATERIALISM

3. Materialism: Laws and Categories	59
A Preliminary Clarification: Materialism and Idealism	59
Prescientific Views	60
<i>Child Development</i>	60
<i>Preclass Society</i>	62
<i>Class Society</i>	63

Scientific Views	72
<i>The Nature of Truth</i>	72
<i>The Test of Truth</i>	74
Antiscientific Views	76
<i>A Preliminary Note</i>	76
<i>Antiscientific Views on the Nature of Truth</i>	78
<i>Antiscientific Views on the Test of Truth</i>	83
A Brief Summary	85
 PART III: DIALECTICS	
<i>Section 1. Dialectics of the Object: Very General Aspects of All Things</i>	
<i>(Including Consciousness)</i>	88
<i>A. Laws of Dialectics of the Object</i>	89
4. Introduction to Laws of Dialectics of the Object	89
5. From the Outer Nature (Appearance) of Things to the First Law of Dialectics	91
Why a Transition Chapter to the First Law of Dialectics?	91
Sameness and Difference	92
Connection and Change	93
<i>Connection</i>	93
<i>Change</i>	97
Internal Change and External Change	103
Internal Change and Nonchange of Things (Self-Movement and Identity): Contradiction	106
Contradiction and Consistency	107
6. The First Law of Dialectics: The Unity and Conflict of Opposites—Contradiction	110
Polarity	111
<i>Prescientific Views</i>	111
<i>Scientific Views</i>	112
<i>Antiscientific Views</i>	117
The Principal Aspect of a Contradiction	120
A Thing as a Sum of Contradictions	122
The Principal Contradiction Within a Sum of Contradictions	123
Quality and the Principal Aspect of the Principal Contradiction	124
The Interpenetration of Opposites	125
The Absoluteness of the Conflict of Opposites and the Relativity of Their Unity	129
Antagonistic and Nonantagonistic Contradictions: A Special Sphere of the First Law of Dialectics	131
<i>Scientific Views</i>	131
<i>Antiscientific Views</i>	136

7. The Second Law of Dialectics: The Transition of Quality into Quantity and of Quantity into Quality	147
The Inseparability of Quality and Quantity	147
<i>Prescientific Views</i>	147
<i>Scientific Views</i>	149
<i>Antiscientific Views</i>	153
Balance-Imbalance and a Thing's Transition to a Limit	160
Gradualness, Subordinate Leaps, and Nodal Line of Measurements	164
Nodal Point, Leap, and New Quality	166
8. The Third Law of Dialectics: Negation of Negation	169
Negation	169
<i>Meanings of Negation: Verbal Denial, Mechanical Negation, and Dialectical Negation</i>	169
<i>The Positive and the Negative</i>	170
<i>Antiscientific Views</i>	174
Negation of Negation	178
<i>Prescientific and Scientific Views</i>	178
<i>Antiscientific Views</i>	181
9. Laws of Dialectics of the Object as a Whole	185
<i>B. Categories of Dialectics of the Object</i>	188
10. Introduction	188
11. Appearance and Essence	192
<i>Prescientific Views</i>	192
<i>Scientific Views</i>	194
<i>Antiscientific Views</i>	198
12. Form and Content	204
<i>Prescientific Views</i>	204
<i>Scientific Views</i>	206
<i>Antiscientific Views</i>	210
13. The Relative and the Absolute	213
<i>Prescientific Views</i>	213
<i>Scientific Views</i>	214
<i>Antiscientific Views</i>	218
14. The Finite and the Infinite	223
<i>Prescientific Views</i>	223
<i>Scientific Views</i>	226
<i>Antiscientific Views</i>	228
15. Possibility and Actuality	231
<i>Prescientific Views</i>	231
<i>Scientific Views</i>	232
<i>Antiscientific Views</i>	236

16. Contingency and Necessity	241
Connections of Possibility and Actuality with Contingency and Necessity	241
Contingency and Necessity: An Overview	242
Causality	246
<i>Prescientific Views</i>	246
<i>Scientific Views</i>	251
<i>Antiscientific Views</i>	252
Law	254
<i>Prescientific Views</i>	254
<i>Scientific Views</i>	255
<i>Antiscientific Views</i>	256
Social Laws	259
<i>Scientific Views</i>	259
<i>Antiscientific Views</i>	262
Freedom	268
<i>Scientific Views</i>	268
<i>The Social Context of Freedom</i>	269
<i>Antiscientific Views</i>	273
Conclusion	282
17. The Particular and the General	284
Prescientific Views	284
Scientific Views	285
Antiscientific Views	292
18. Categories of Dialectics of the Object as a Whole	298
Scientific Views	298
Antiscientific Views	301
 <i>Section 2. Dialectics of the Subject: Very General Aspects of Rational Consciousness Per Se (Epistemology)</i>	
<i> A. Laws of Epistemology</i>	
19. Introduction	304
20. Laws of Epistemology	309
Prescientific to Scientific	309
<i>Child Mental Development: From Birth to Adolescence</i>	310
<i>An Initial Framework</i>	310
<i>Cognitive-Affective Stages in Child Mental Development</i>	313
<i>Overall Stages in the Socialization of Child Thought</i>	315
<i>Convergence between the Child's Maturation and the Early Historical Record of Society's Mental Development</i>	323
<i>Aspects of the History of Cognition (Societal Development): Prescientific to Scientific</i>	326

Antiscientific Views on Cognition	335
<i>Downgrading Conceptual Thought: Depleted Cognition</i>	335
<i>Downgrading Conceptual and Perceptual Thought: Denuded Cognition</i>	338
Conclusion	342
<i>B. Categories of Epistemology</i>	344
21. Introduction	344
Overall Framework: Inductive and Deductive Inference	344
Scientific Views	346
Antiscientific Views	347
22. The Abstract and the Concrete	350
Prescientific Views	350
Scientific Views	352
Antiscientific Views	355
Special Spheres of the Abstract and the Concrete	356
<i>Mathematics</i>	356
<i>Logic</i>	359
<i>History</i>	360
<i>The Arts</i>	362
<i>Values, Ethics</i>	363
<i>Humanism</i>	364
23. Analysis and Synthesis	369
Prescientific Views	369
Scientific Views	371
Antiscientific Views	374
24. Theory and Practice	378
Prescientific Views	378
Scientific Views	381
Antiscientific Views	386
<i>C. Epistemology as a Whole</i>	391
25. Laws and Categories of Epistemology as a Whole	391
Certainty and Completeness in Knowledge: Relative and Absolute Views	391
Antiscientific Views	395
<i>Section 3. Dialectics as a Whole</i>	399
26. Dialectics of the Object and of the Subject as a Whole	400
Laws of Nature and Laws of Thought	402
Dialectical Logic and Formal Logic	403
Dialectics, Epistemology, and Logic	404
An Overview of the Exposition Sequence of Dialectics.	406

Aspects of Dialectics: A Summary and an Application by Lenin. . . .	407
Antiscientific Appraisals of Dialectics as a Whole	409

PART IV: CONCLUSION

27. Dialectical Materialism as a Whole	419
Scientific Views	419
Antiscientific Views	424
Conclusion	432
28. Wisdom.	434
Prescientific Views	434
Scientific Views	438
Antiscientific Views	444
Conclusion	452

ADDENDUM

On Historical Experience with Socialist Revolution and Its Consolidation: A Query and a Hypothesis.	457
A Query	457
Socialism in the USSR and the Post-Stalin Period	462
Socialism in the People's Republic of China and the Post-Mao Period.	472
A Hypothesis	496
Notes	507
Bibliography	561
Index	574
